

## Intervention Resources - Elementary

Espanola Public Schools offers coordinated support to students through Title I, Title III, IDEA, Bilingual Education Services, 21<sup>st</sup> Century Community Learning Centers.

EPS utilizes data to guide instruction and the need for providing a structured Multi-Layered Systems of Supports (MLSS) model to meet students' needs. Interventions can be provided as part of classroom level tiered intervention, pull out service intervention, after school or summer school tutoring services.

Wonders Core (K-6) & Intervention	<i>Wonders</i> , a comprehensive K-6 ELA/ELD program, is designed to meet the challenges of today's classroom and reach all learners. A wealth of research-based print and digital resources provide unmatched support for building strong literacy foundations, accessing complex texts, engaging in collaborative conversations, and writing to sources.
WonderWorks (K-6)	K-6 Intervention  WonderWorks is a flexible literacy intervention program, grounded in research, that provides scaffolded support designed to accelerate students back to grade level. WonderWorks complements any English Language Arts curriculum
Wonders ELD	K-6 English Language Development  Wonders for English Learners' instruction builds proficiency in speaking, listening, reading, and writing with scaffolded support for all language proficiency levels. Wonders for English Learners complements any English Language Arts curriculum.
Envisions Math K-5	Envisions math has a built-in intervention component called Math Diagnosis and Intervention System (MDIS); this includes intervention lessons, guided instruction, and diagnostic tests. Students will take the diagnostic test which will then allow the teacher to pull from the targeted intervention lesson. The program contains a build-in differentiated Instruction divided into 3 categories ongoing, strategic, and intensive interventions. Within these interventions a language component is built in for ELL as well as struggling readers with math vocabulary and reading. Each lesson is connected to a leveled project-based assignment allowing students to demonstrate their understanding at their individual level.
Istation Reading / Math	From intervention to enrichment, Istation gives students the instruction they need when they need it.  <ul style="list-style-type: none"> <li>● Purposeful instruction identifies needs and adjusts to each student's abilities.</li> <li>● Layered scaffolding offers differentiation and supports increasing complexity.</li> <li>● Interactive lessons digitally present content with engaging animation.</li> <li>● Explicit and direct instruction connects lessons and activities to help increase understanding and engagement.</li> </ul>

## Intervention Resources - Elementary

	<ul style="list-style-type: none"> <li>• Responsive reteaching supports student-centered classrooms to ensure students master concepts before progressing.</li> <li>• Track student ability and skill development within subtests.</li> <li>• Automatic screening and progress monitoring in 30 minutes every month save time while providing the frequency for effective data integrity.</li> <li>• On-demand assessments offer more frequent progress monitoring to support aggressive intervention</li> </ul>
iLit ELL (Reading)	iLit accelerates English language development through a brilliant mix of strategic scaffolding, interactive content, visual aids, academic vocabulary support, survival vocabulary for newcomers, and home language help.
Rosetta Stone	Rosetta Stone is an effective educational instructional program used for English Language Acquisition. EL Student are assigned individual accounts to build English Language Proficiency and supported by ELD teachers.
Edgenuity MyPath (Math and Reading) 6th grade only	MyPath is an online learning intervention program for middle and high school students that offers data-driven differentiated instruction in Math and Reading. Students are given content to match their independent learning levels.
Title 1 Interventions	Demonstrated knowledge of best instructional practices and research-based intervention practices delivered in a Multi-Tiered System of Support (MTSS) to provide “real-time” push-in and pull-out research-based interventions in the core curricular areas to students that are currently below grade level based analysis of Istation, DIBELS, and other assessment instruments
PAX Behavior Supports	<p>PAX teaches students self-regulation, self-control, and self-management in the context of collaborating with others for peace, productivity, health and happiness. PAX is not a classroom management program, but it makes managing classrooms a breeze. PAX GBG is the combined science from PeaceBuilders, Good Behavior Game &amp; other studies.</p> <p>The Game teaches students to “flip on” their internal focus switch, required for any learning. It teaches students how to work toward valued goals, and teaches them how to cooperate with each other to reach those goals. Students learn how to self-regulate during both learning and fun. Students learn how to delay gratification for a bigger goal. And, the Game protects students against lifetime mental, emotional, behavioral, and related physical illnesses for their futures. PAX GBG also significantly improves multiple measures of academic success such as reading test scores, high-school graduation and university entry.</p>
AVID (Advancement Via Individual Determination)	AVID is a college and career prep program coordinated by the EPS district. At our school it is offered as an elective, and the program also provides professional development to teachers. Several teachers utilize AVID strategies with students in academic classes. AVID schools include Alcalde, Eutimio T. Salazar, Hernandez and James H. Rodriguez
21 <sup>st</sup> Century After School Program	21 <sup>st</sup> Century provides students with after school tutoring support for academics. There are also projects and activities for students. Hot meals are also provided to students.
